Name Lucille

Date	Description	Provider	Qty	Price	Disc	Amount
1/8/2019	Lameness Evaluation <i>Left hind previously diagnosed old bowed tendon likely SDF tendon. Had been sound at a walk prior to starting work lunging and riding. Mare has slipped and fallen 2 times while working.</i> <i>Grade 3 left hind lameness at a gait in a left circle and grade 2 in a right circle.</i> <i>Grade 2 lame in a straight line.</i> <i>Flexion tests - LH fetlock mild +, upper limb moderate + Difficulty flexing upper limb. Reduced range of motion</i> <i>Tendon cool and firm. Marked enlargement entire tendon.</i> <i>Neurological exam both CN and peripheral wnl</i> <i>Recommend very light introduction to work, NO more than 10 min walking or gaiting either lunging or riding daily. Slowly increase this over several weeks time depending on how she handles the exercise. If she becomes sore stop. Think of this as a period of physical therapy.</i> <i>Mare likely only suited to pasture soundness or light riding depending on response to getting back in shape.</i>	Dr. Lynne Sparks	1	\$45.00		\$45.00

Recommend

No riding due to falling and continued lameness. Recommend pasture pet adoption only.

Coughing is likely due to a dust allergy. Minimize exposure to dusty arena and environment as much as possible.

If Coughing persists

Dexamethasone tablets 4 mg - 5 tablets by mouth once daily ok. If this has to be started please call for further recommendations.

COPD can result from chronic allergies.

Subtotal for Lucille

\$65.00

INVOICE TOTAL: \$521.25

PAYMENT:
Visa \$521.25

BALANCE NOW DUE: \$0.00

Castration Equine Routine: If he develops severe bleeding or swelling or has anything protruding from the incision please contact me immediately. He should have stall rest overnight and then be exercised daily. Please contact me with questions or concerns.

Returned checks will be charged a \$30 fee.

Thank you for your business. Please don't hesitate to call if you have any questions or concerns. Have a great day!
